

A classic privacy fence that provides a strong physical and visual barrier. Utilizing lumber and construction of superior quality compared to pre fabricated panels.

This tried and proven cedar fence can be installed at any height and is built by hand to suit your property. For instance, fence sections can be equally sized as they are not fixed at 8' long, and they can be sloped to keep the fence tighter to the ground on steep hills.

Optional upgrades:

Continuous top rail

Interlocking boards

Staining services available

A solid Privacy Fence provides a strong physical and visual barrier resulting in the greatest privacy and security.

The Wellington is a traditional square, flush board or tongue-and-groove classic style with 1x2" retainers.

Commercial grade latches and hinges are powder coated black.

Key-lock latches are available.

Padlock-able latch

Standard hinges
