**COUNTRY ESTATE VINYL**  
MISSOURI PICKET FENCE

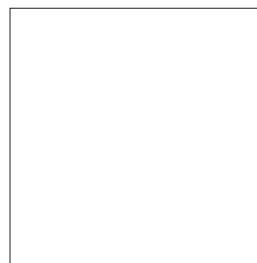

A classic picket fence design, available in multiple colours and textures. This VMA approved product is manufactured by Country Estate Vinyl, the inventors of vinyl fencing.

The Missouri is that “White Picket Fence” solution that never has to be painted or replaced and is available in more colours than just white! With its vertical pickets slotted neatly through oversized horizontal rails, this is one picket fence that looks identical on both sides and is difficult to vandalize.

There are a few variations of this fence design as you can see in the pictures below. It can be built in any height from 2’ to 4’ high. For a higher fence that is like this design, please inquire about our Kensington semi-private fence.

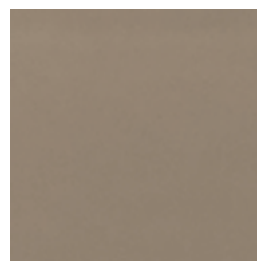

#### Colours

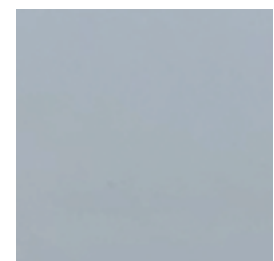

White

Almond

Adobe

Gray

Variations

Standard – Open top rail with 4" posts

Optional Upgrade – Closed top rail

Our vinyl gates have a stiff diagonal brace attached to prevent sagging, and the vinyl posts which they are mounted to, have a metal stiffener inserted to avoid leaning or flexing. Commercial grade latches and hinges are stainless steel, and powder coated black.

Key-lock latches are available.

Padlock-able latch

Adjustable self-closing hinges
